## Polly Returns To The Pen.

Floyd Polly, escaped convict from  
the penitentiary at Columbus, after  
visiting his wife, formerly Julia  
Jones, and his father, who is afflicted  
with rheumatism, took flight  
from here Thursday night when the  
officers endeavored to find him, re-  
turned to Columbus and gave him-  
self over to Warden Thomas.

Polly told what is considered a  
filmy story that he desired to re-  
turn home to protect his wife from  
Robert Holland, a convict who es-  
caped the day previous and to see  
his father. The officers and citizens  
generally give no credence to the  
story and members of the Cedar-  
ville Protective Association, who  
secured evidence for prosecuting  
him for the theft of clover seed, do  
not agree with Warden Thomas in  
allowing Polly his good time.

Outside of the elder Polly having  
rheumatism his condition is any-  
thing but critical. The father sent  
the following to the Warden: "I'm  
on my death bed and my days are  
numbered. It did me good to see  
my son, but he did wrong in run-  
ning away. Please, oh, please, for-  
give his transgression."

## Fire Discovered Just In Time.

A dangerous fire was averted Fri-  
day night when Ralph Hill and  
others returning from the Oreswell  
reception, discovered the W. F.  
Tennant building ablaze.

The building is being occupied by  
Julia Jones Polly, wife of the es-  
caped convict which was raided the  
night previous, and had evidently  
been fired purposely for oily waste  
from a railroad car had been placed  
between the weather boarding and  
the plaster. The fire was extin-  
guished before any great loss was  
done. Had it gained a headway the  
entire block would have been in  
danger.

## Monmouth Seeks Local Minister.

Rev. M. J. Taylor, pastor of the U.  
P. congregation at Monmouth, has  
been extended a call to the U. P. church at  
Monmouth, Ohio, which has been  
without a pastor some time.

Rev. Taylor was born in Wash-  
ington, D. C., and spent his early  
years in that city. He was gradu-  
ated from the Monmouth college and  
has since been engaged in different oc-  
cupations. The church has a mem-  
bership of about 400 and is al-  
ways liberally supplied by the stu-  
dents of Monmouth college. Rev.  
Taylor graduated from the Xenia  
seminary in 1908 and immediately  
afterward was called as pastor of  
the local congregation.

Rev. J. H. Humphrey, Dean, pastor of  
the U. P. church at North Argyle,  
N. Y., grandson of Alex. Turn-  
bull of this place, and Miss Myra  
Logan were married at the home of  
the bride's parents, Mr. and Mrs.  
William Logan, at Henderson, O., at  
nine o'clock last Thursday morning  
by Rev. S. E. Marshall, D. D., formerly  
of the First U. P. church, Xenia.  
Rev. Logan graduated from the  
Xenia Seminary in 1908. Mrs.  
Turnbull and her daughter, Mrs.  
William Logan of Gies, at-  
tended the wedding.

## Jamestown Will Celebrate Fourth.

reputation follow her in giving  
a Fourth of July celebration. Post-  
master Lester Sumner, chairman of  
the committee, has been provid-  
ing a program of entertainment  
and a concert will be given in the  
forenoon at the fair grounds along

ty race and four excellent speed  
events.

## Will Test Liberty Act

Columbus, O.—As a result of the  
failure of the Osborn bank at  
Osborn, Ohio, an action will be  
brought at once to test the double  
liability amendment adopted by an  
overwhelming majority at the elec-  
tion held last September.  
This was decided early today at a  
conference between Governor Cox,  
Attorney General Hogan, and State  
Bank Superintendent Lattanner.  
The question to be decided is  
whether the amendment went into  
effect automatically January 1, 1913,  
or whether it will be necessary for  
the legislature to pass a law to make  
it effective.

Miss Elizabeth Blair of Cannon  
City, Colo., who will teach the pri-  
mary grades in the public schools,  
arrived Saturday and will reside  
with her mother, who has been liv-  
ing here for some time.

## Buggy Upset; Wheels Stolen.

Frank Johnson, colored, in compa-  
ny with his wife and two small  
children had quite an experience  
Saturday night when the horse  
scooped at a flash of lightning and  
overturned the buggy. Mrs. John-  
son's collar bone was broken and  
one son was bruised.

The accident happened near  
Clyde Northup's residence and a  
vehicle was loaned the unfortunate  
family to return home. Some time  
afterwards the wheels were stolen  
off the buggy. The Johnsons reside  
on the J. O. Stormont farm.

## Dayton's New City Charter.

The work of the charter commis-  
sioners recently elected in Dayton  
has been completed and the draft  
will be submitted to the people at a  
special election in August. J. H.  
Patterson was chairman of the  
commission.  
Five commissioners shall be cho-  
sen by the people by popular vote,  
the one receiving the largest num-  
ber of votes becoming mayor at a  
salary of \$1,500 a year, the other  
four will receive \$1,200 yearly. The  
commissioners will select a manag-  
er for the city who appoints direct-  
ors of law, finance, public service,  
public welfare and safety. The re-  
call is provided for commissioners  
and manager.

Jacob Harbison, a pioneer and  
wealthy citizen of Greene county,  
died at his late residence at Harbison  
station Monday morning, following  
an attack of heart trouble. He had  
been in apparently good health for  
the past few weeks, and was able to  
go out driving Sunday. He was  
born in the house in which he pass-  
ed away, and was noted alike for  
his wealth and eccentricity. He  
never married. He is survived by  
his brother, John Harbison, and a  
large number of relatives in Xenia  
and Greene county. Mrs. H. N.  
Miller, Louis Miller and Miss Hag-  
gare are among the nephews and  
nieces who lived with him.

One hundred and twenty friends  
gathered at the home of Mr. and  
Mrs. W. H. Creswell last Friday  
evening in honor of their son, How-  
ard and bride. The decorations  
were red and pink roses. A deli-  
cious three course supper was served.  
Guests were present from  
Xenia, Clifton, and Jamestown.

Dr. W. H. McChesney, wife and  
daughter, Frances, and Mrs. Mar-  
tha Morton, left Monday for Woo-  
ster where the former will teach  
psychology during the University  
summer school. Mrs. Morton went  
on to Dravosburg, Pa., to spend a  
week with her son-in-law and  
daughter, Rev. T. R. Turner and  
wife.

Prof. Leroy Allen left Friday for  
Wooster.

FRIDAY, JUNE 27, 1913.

Take the tariff off sugar and do it  
at once, is the advice we would give  
the administration at Washington  
and we do not make this statement  
from the view point of a free trader  
but someone who has stood for pro-  
tection. The exposure of the sugar  
lobby in Washington as to how  
hundreds of thousands of dollars  
have been spent to influence legis-  
lation, how the sugar trust has in a  
manner controlled the Republican  
and Democratic conventions; how  
the best sugar people held up Presi-  
dent Taft who favored free sugar  
to the extent of \$30,000,000 from the  
Philippine islands, all tends to  
prove that every cent of the tariff  
should be ripped off at once. The  
sugar trust is the best sugar industry  
in this country is given a set back  
the better off the sugar consumers will  
be. Beet sugar has no place in  
comparison with cane sugar and its  
value is greatly over estimated.  
What is saved to consumer in mar-  
ket price is lost in the intrinsic  
value. Free sugar will undoubtedly  
result in some financial loss to grow-  
ers of sugar beets and manufactur-  
ers of this brand of sugar but the  
savings to consumer is of far more  
importance.

## INTERNATIONAL SUNDAY SCHOOL LESSON

By E. O. SULLIVAN, Director of Training  
Department, The Moody Bible Institute,  
Chicago.

### LESSON FOR JUNE 29

#### THE VICTORIES OF FAITH.

READING: LESSON—Acts 7:9-10;  
Heb. 11:22-23.

GOLDEN TEXT: "This is the victory  
that hath overcome the world, even our  
faith." 1 John 5:4.

The reading lessons for today are a  
New Testament commentary upon the  
past quarter's work. The first lesson  
is taken from that marvelous defense  
of Stephen the first martyr. As he  
traces the history of the people of  
Israel, he shows God's continued ac-  
tivities and purposes from the hour he  
called Abraham from the holy one of  
Israel came to all to their fulness all  
of these same activities and purposes.  
Stephen also shows us that alongside  
God's activities was the equally per-  
sistent disobedience of the people  
which culminated in the betrayal and  
murder of Jesus Christ. In the por-  
tion selected for study before us how  
Joseph is sold into Egypt, yet God was  
with him and delivered him; how the  
famine came and Jacob is thereby  
brought into Egypt only later to be  
carried back into the land of promise.

Teach Faith.

The second lesson is taken from  
that great catalogue of heroes as re-  
corded in the Epistle to the Hebrews.  
Here we have set before us the fact  
that God's eternal purpose, with man  
is ever that of faith. Isaac, Jacob  
and Joseph are here mentioned and  
the faith of each set before us.

Leaving out the Easter lesson we  
have covered a period of about 50  
years, eight lessons dealing with Jo-  
seph, and four with Jacob.

Attention has been called to Jo-  
seph as one of the most remarkable  
types of Christ to be found in the Old  
Testament. (See comment on lesson of  
April 27.) As we have also sug-  
gested Jacob is not so grand a char-  
acter as Abraham yet is much more  
like the average man.

It is interesting to go over these  
lessons and follow God's purposes and  
to observe how Jacob loved and feared  
God. In LESSON I, we beheld Jacob at the  
instigation of his mother deceiving his  
poor old father and being compelled  
to fly that he might save his life. Re-  
bekah thought she could execute God's  
purpose; but it is never right to do  
evil that good may result.

poor old father and being compelled  
to fly that he might save his life. Re-  
bekah thought she could execute God's  
purpose; but it is never right to do

LESSON III, we beheld Jacob at the  
instigation of his mother deceiving his  
poor old father and being compelled  
to fly that he might save his life. Re-  
bekah thought she could execute God's  
purpose; but it is never right to do  
evil that good may result.

LESSON IV, we first beheld Jo-  
seph, a young man loved and feared  
and as bitterly hated; he was thrown  
into a pit to die but is taken up  
(typical of the resurrection) and sold  
into slavery. The development of en-  
vy and the persistent, delivering pur-  
pose of God are here presented in  
strong contrast.

LESSON V, shows Joseph's enter-  
ing that dark maze beyond which God  
was to highly exalt him. By faith he  
overcame that fierce temptation and  
his treatment of his fellow prisoner  
was God's useful agency though it  
seemed accidental and insignificant.

God's Continued Purpose.

LESSON VI, is the completion of  
Lesson V, and in it we see Joseph  
placed in the place of power, able to  
save the country and also his brother-  
hood.

LESSON VII, shows us God's con-  
tinued purpose and the beginning of  
the fulfillment of his word that the  
descendants of Abraham were to  
dwell in captivity (Gen. 15:12).

LESSON VIII, is a continuation of  
Joseph's dealings with his brothers in  
which their guilty consciences are  
still further pricked and God reveals  
to us his immutable purpose.

LESSON IX, is a tender one of the  
meeting of Joseph and Benjamin while  
at the same time it suggests to us the  
certainty of the fact that we may "be  
sure your sin will find you out." Un-  
less covered by his forgiving blood our  
sin is mercilessly upon our track.

In LESSON X, we beheld Joseph  
made known to his brethren and those  
in fear urged to draw near. Jo-  
seph's faith in God saved him from an-  
guish and retaliation and inclined  
his heart to tenderness and love; his  
dealings with his brothers. Even as  
Joseph revealed himself to his brother-  
hood so will Christ reveal himself.

Joseph's provision for his fathers  
and his brethren, LESSON XI, is a  
rich suggestion of our father's bounty  
and care for all who are "in Christ  
Jesus." By faith Joseph who had be-  
come great in a strange land, identi-  
fied with all of its power and splendor  
makes provision that when God's pur-  
pose shall be executed and the sons  
of Israel shall be delivered from  
Egypt, his bones shall be carried into  
the land of the people to whom he  
belonged and from whom he had so  
long been separated. Faith is the ac-  
cret of victory. Joseph as a type  
teaches us the lesson of faith.

Altogether Too Desirable.  
Dobbs—So you're living in the coun-  
try, eh? What kind of neighbors  
have you? Are they desirable? Hobbs  
—Desirable! Great Scott, we haven't  
a thing they don't desire, especially  
in the way of gardening implements.

## Oxypathy

...AND THE...

## Oxypathor

...WHAT IS...

## Oxypathy?

Oxypathy is the science of the use of OXYGEN, nature's own life-giving principal in the treatment and cure of diseases. OXYGEN introduced into the body makes rich, red blood, which dispels the poisons and germs of disease and makes you well. Oxypathy believes in nature restoring the body and presents the means by which she can do so.

...WHAT IS THE...

## Oxypathor?

The Oxypathy is the device, the machine, used to introduce into the body OXYGEN in sufficient quantity to aid the functions of that body to throw off disease, to expel sickness and the results accomplished by the OXYPATHOR are truly wonderful. We can show you thousands of true testimonials of people who have been cured by the OXYPATHOR, without the use of drugs, after every other means had been tried and found wanting. But we have more than that. We have one of your own people—one of the citizens of your own county—who testifies to the worth of the OXYPATHOR and the almost miraculous results which came from its use.

Mr. Warren B. Steele, Rural Route No. 10, Xenia, Greene County, Ohio, says that Mrs. Steele was seriously ill, and believing that she did not have long to live unless help was secured, and with the consent, and upon the advice of the family physician, an Oxypathor was put into use and the patient has passed the critical stage and is now on the road to recovery. This case is remarkable on account of its long standing and severity and is an evidence of the effectiveness of the Oxypathor treatment where all others have failed.

No matter how long you have been ill, how severe your trouble, how many things you have tried for relief, the
